It's official! Blondes do have more fun! Well, they do if curvy Caroline, 35-32-34, from Winchester is anyone to go by.

"It's true. Maybe it's because my boobs have grown a bit recently, or maybe it's because I just love sex. I don't know.

"But ever since I turned 18 last year I've had more men in my bed than Paula Yates will ever have on her breakfast show!"

What a girl! But what's the story behind those lacy gloves you keep caressing your little pussy with?

"They were a present from an ex. I think they were meant to go with the lacy underwear he bought me, you know, to complete the set. But like him, they got worn out ages ago..."

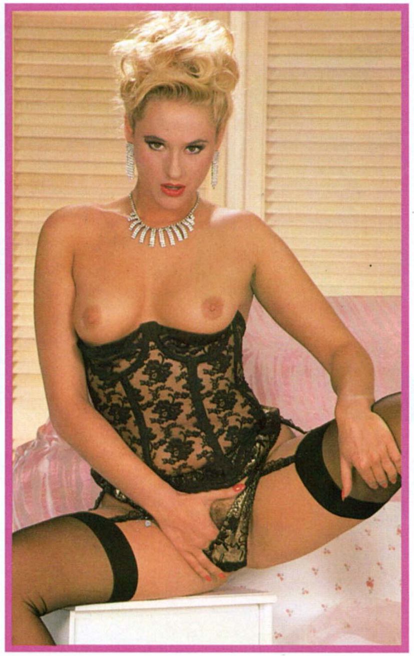
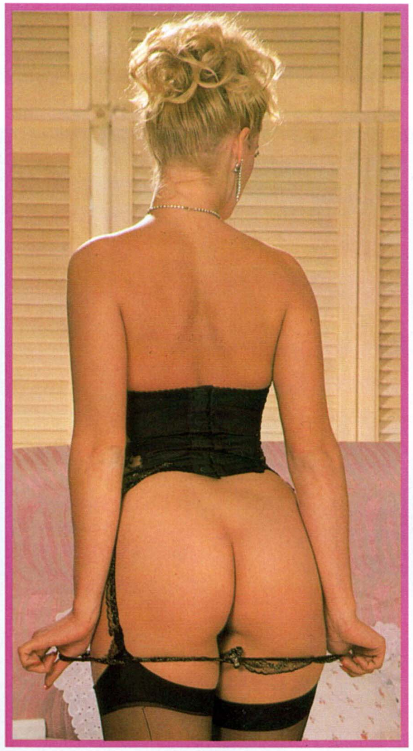
"Like most girls, my pussy needs satisfying on a regular basis but being a rather shy sort it's sometimes hard to get as much cock as I crave," reveals 19-year-old nymphette Danielle. "I think I've waited long enough for the perfect man to come and find me — so I'm going to find him.

"I've never asked a bloke out before in my life but I'm more than willing to try if it means I'll have a man in my bed every night," adds the Brighton belle. "I can't tell you how much I need the feeling of a man's hands on my boobs and his thick dick sliding in and out of my pussy.

"Of course I realise I might have to go through a few fellas to find the right one, but I'm sure the experience will do me good!"





Julie Taylor, our 23-year-old brunette, is one of those wonderful girls who get just as turned on modelling as men do ogling.

"I love to show my body off, it's as simple as that," sighed Julie, as she gradually revealed her lovely 34-25-35 figure.

"And you know, the more I have on, the sexier I feel."

What? Surely you don't get all hot between the legs with a duffel coat, scarf and wellies on?

"No, silly! What I mean is that the more I have on, the longer it takes me to undress," giggled Julie.

"I just love to tempt my men with a long, slow striptease that leaves them panting for more. By the time I finally peel off my panties and take off my stockings I've got them in the palm of my hand. And then I get them in the bedroom, the lounge, the kitchen..."

"Well, I must admit I do love sex but the trouble is, I've yet to find a man who can keep up with me. I want hours and hours of it, starting with lots of frisky foreplay and ending with more filthy positions than Gazza's played in for England.

"Mind you," laughs Kathy, "with my stamina you'd still need to bring on a couple of substitutes at half time..."

KATHY

At only 21, Kathy Hall from Liverpool has very mature ideas about what keeps a girl young and beautiful.

"I really believe that a good session in bed is the best exercise. Think about it; you don't need a tracksuit, you don't need weights, and you don't need to jump around in front of one of those silly workout videos.

And with a 36-24-34 figure Kathy must know what she's talking about!

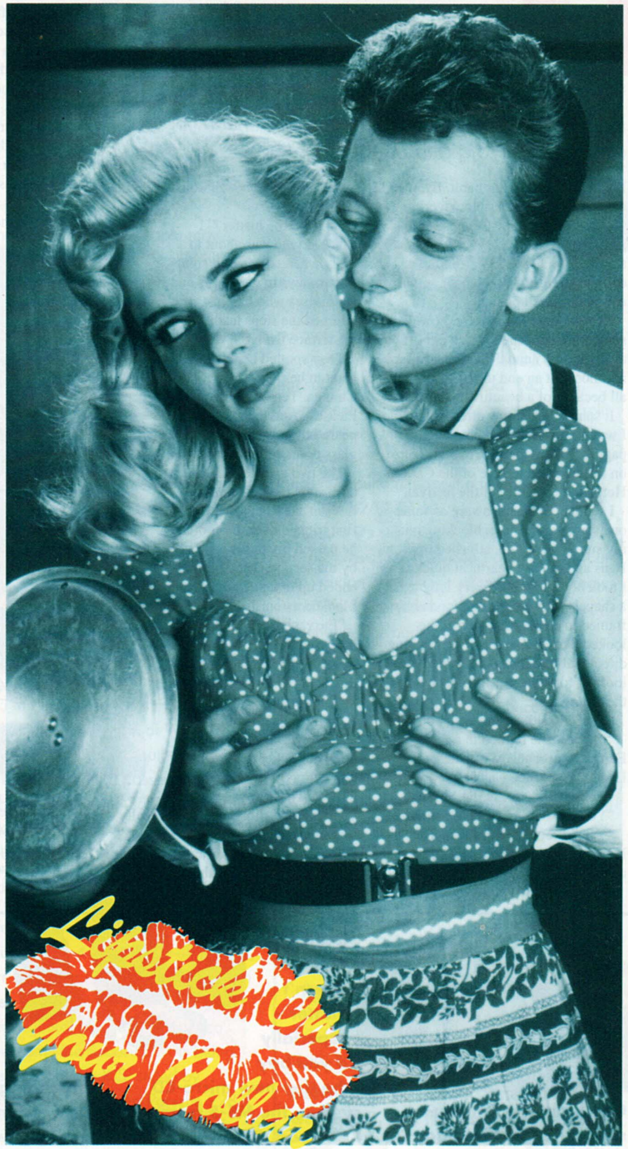
Indeed, talented Louise is rumoured to have been offered a major Hollywood role on the strength of her performance in *Lipstick On Your Collar*. We can't say we're surprised that she looks like going all the way to the top: as regular readers will know, *Mayfair* always spots real talent first!

To her credit, Louise has come clean to the newspapers about her sexy past. And why not – as *Mayfair* readers can see, she's got a lot to be proud of!

Exclusive! *Lipstick On Your Collar* star nude!

TV's sexy siren LOUISE GERMAINE

Photographs by Donald Milne



Luscious Louise in a steamy scene from Lipstick On Your Collar

Stunning Louise Germaine plays TV's naughtiest ever role in the smash hit Dennis Potter series *Lipstick On Your Collar*. But when Channel 4 bosses cast the buxom 22-year-old for the part of saucy flirt Sylvia Berry, they didn't know that Louise already had plenty of experience at playing a bad girl – she'd posed nude for *Mayfair* back in the eighties!

Margate-born Louise, who had a small part in Potter's previous series *Blackeyes*, was picked for *Lipstick On Your Collar* after hundreds of other hopefuls had been rejected. "I heard I'd got the part on my twenty-first birthday, but it didn't hit me until the week after we started shooting," she said in a recent magazine interview. "It was like a dream come true – I was always up first thing in the morning ready to go on set, and I didn't want to go home at the end of the day!"

Louise has been tipped as the new Emily Lloyd, and in the series she certainly shows she's no mean actress. She's self-taught, and has the same natural poise on screen that she showed off in front of the stills camera so well six years ago.

MELANIE

Marvellous Melanie makes a welcome return to *Mayfair* with an idea for a photo shoot that even made our photographer start dribbling!

"I had this dream, see, where I was this boss of a big company. I was at this board meeting and thought I'd get my point across by slowly taking off my rather strict suit and revealing my investment potential!"

So what happened next in this dirty dream?

"Well, I could see all these men were thinking something naughty, so I said, 'If there's anything on your mind I want you to get it out now!' and then all hell broke loose!

"Secretaries were shagging and bosses were bonking. It was great! I only woke up when my boyfriend nudged me wanting to know who 'Mr Nobby' was and why he was 'giving me a rise I couldn't wank him enough for'!

"I told him, it's a dirty job but somebody had to do it!" Ⓜ

leaning over your desk and telling you to work harder or you'll be sacked? Mind you, how many of us wouldn't mind taking the odd order from those pouting lips? Or getting taken aside for a thorough licking after work? "Hopefully one day I'll be running my own male model agency," she says. "Then I can start auditioning for a few fellas — which reminds me, where *did* you buy this couch?" Ⓜ

Naughty Nikki's done it again! As if bungee jumping wasn't enough, after sharing her daring and dangerous deeds with us last month, our brave beauty has gone one step further and started a degree course in Business and Management Studies, of all things.

But hang on, this could mean that one day Nikki could be *your* boss! Who would have thought that such a stunner could one day be the girl

RACHEL

Rachel Smith-Edwards' all-expenses paid trip to the sunny shores of Barbados proved to be a real thigh opener for the lovely 20-year-old. "There's something about hot weather and sand between my toes that makes me want to strip off and have sex with the first man I see," giggled Rachel mischeviously.

Not that the stunning 36D dream-girl did anything of the sort, of course. She just became a criminal instead!

Rachel explains: "Yes, I couldn't believe it! Little did I know that all the time I was lying on the beach sipping on a rum punch, feeling terribly horny, I was breaking the law. It seems the authorities in Barbados don't look too kindly upon girls getting their boobs out on the beach. So it wasn't long before a big hunky policeman warned me about my misdemeanors and told me to put them away. "It's just as well I had my bra with me or you never know, I could have spent my holiday behind bars!"

Yes, and it's just as well Rachel's punishment wasn't in proportion to the size of her boobs — or we wouldn't be seeing her for about twenty years! M

TABITHA

Beautiful Tabitha Sanders (36C-24-34) from Dover makes her debut in *Mayfair* this month with the sort of display that would put Standard fireworks to shame!

"I've always wanted to do this," grinned the 20-year-old as she got down to the bare essentials. "But I think what really gave me the confidence to finally do this was when I was at my best friend's hen night last week.

"Apparently they'd arranged for these six male strippers come in and well, treat her to their act. Thing is, in all the excitement they thought I was the one getting hitched and within ten minutes we were all dancing around!

"They liked me so much I'm booked to appear with them for the next two months! And you know, my friend hasn't spoken to me since..."

BRING ON THE SUB

Now, I know you'll think I'm a pervert, but I would do Gabrielle from Vol 28 No 2's every bidding. I would be extremely happy to be her slave, especially if she dressed in some of the rubberwear you featured in the same issue from the Europerve Ball.

I suppose I am a bit of a submissive but I could only submit to a beautiful long-haired woman, and she is exactly that. Since I saw her pictures I dream of being made to kiss her toes then work up her seamed stockings to her pussy. After a couple of laps of that, she would climb onto my face and force me to lick her out completely, tickling my feet as a torture if I don't perform well enough. After she had come over my face, she would get up and let me touch her breasts for the first time, then lick her lovely nipples.

Of course, I'd be stiff as a poker by then, but Gabrielle would warn me that coming before she was ready would be punished by having to clean her high heels — with my tongue! But the lapping of her nipples softens her mood and finally she condescends to hold my cock, guiding it towards her cunt which is still moist from my efforts at cunnilingus. But before I get to fuck her, she kneels down and gently licks the length of my cock, teasing me by pretending she is going to suck me off when she actually has no intention of doing any such thing.

Instead she gets up and pulls me onto the bed with her, holding my cock firmly in her hands. Slowly she slides it into her red hot snatch, and climbs on top of me so even now she is the one in control. Achingly slowly she starts slipping up and down on my cock, then the pace quickens only to slow down again. She is still dominating me! Taking me to the point of orgasm but still not letting me come! Fabulous! Finally she can take no more, so she quickens her pace until finally I come inside her and with her hair flying from side to side she melts into a fantastic orgasm!

I know it's the fantasy of a sad man. But you started it! — Nigel, Essex

TAYLOR'S DOUBLE

I was surprised that nowhere in Vol 28 No 2 did it mention that April Stevens, on the cover and inside the magazine, is the spitting image of the young Elizabeth Taylor. The luscious brown hair, beautiful eyes and sensational rounded figure reminded me immediately of the star in her National Velvet days. Nor did you mention that April Stevens used to be a character in Dallas, but I guess that's less surprising.

How about running a feature on models who look like movie or TV stars from the past. I reckon most guys' first hard-on comes from watching women on the big or small screen, and even now I'm 39 there are still plenty of girls on the box who get my cock trembling. Apart from Liz Taylor (who was gorgeous when she was young — watch out for her when they show the films on television), I was in love for many years with Fern Britton, a newsreader on Breakfast Time and now a reporter on Carlton's London Tonight. She has the same sort of smouldering eyes that burn into you and leave you wanting to wank right there and then — not that I do, of course!

In the cinema, my first crush was on Hayley Mills! Sweet, blonde and innocent, just what every boy wants when he's a teenager. I got one of my first public hard-ons when she appeared at the Astoria back in the sixties in a film called Summer Magic (I think!) Five years later, I went out with a girl who I believed was the image of Hayley, but she was far from innocent! She gave me my first ever hand-job from a woman (halfway through the spaghetti eating scene in Disney's Lady and the Tramp, as I recall). I'll never forget the surprise when she started fiddling with my flies right in there in the four and sixpennies. I couldn't believe that she would actually get my cock out in public, but it was so dark, nobody saw her slim fingers ease my rapidly growing prick from my tight Levis — the first time anyone had done that outside the privacy of my house.

I was so nervous that I thought my stiffy would disappear, but her nimble fingers went to work and her gentle stroking had me stiff before the first chorus of Bella Noche!

A few more strokes and I was beginning to pant, my head lolling back and forth like a rag doll. I knew I was about to come, and so did she for she suddenly stopped pumping my prick, squeezed it slightly in the palm of her soft hand and then simply stroked my knob. This gentle movement was enough to have me squirting into a Butterkist packet she had sensibly kept close to hand. She had done this sort of thing before, even if I hadn't. Somehow now when it appears on Disney Time I can't take that highly romantic scene seriously. I keep thinking of that Hayley Mills lookalike giving me the hand-job.

I would love a wank from April during an Elizabeth Taylor film but I'm dreaming, of course. I guess I'll have to settle for keeping my copy of Mayfair open during the next showing on one of her films and doing the job myself. — Martin, Enfield

ON THE JOB

My name is Caroline. I'm 28 years old and I'm personal assistant to the managing director of a large company just outside London.

I had been quite happy at work until one day I realised that it had been nearly a year since my last fuck. I know my problem with men is that they think I'm unapproachable. As I'm on the tall side and not unattractive, people always think I've got a string of men in tow, so they never bother to ask me out! Consequently I'm still single, and more importantly extremely frustrated and I spend more time than a girl should masturbating.

RIGHT HORNY SAID FRED

Deeply dippy, that's the only way to describe how Fred Fairbrass of Right Said Fred fame feels about Page Three's Louise Payne. The saucy slaphead reckons she's too sexy for her shirt, and judging by our picture (right) we agree. But he's the lucky man who's been seen cavorting round the clubs with the highly munchable model.

So what does she see in the man who makes a coot look like an Old English sheepdog? We may never know the answer cos they don't talk, just kiss! Still it does provide some hope for those of us acquiring a wider parting than the Red Sea after Moses went to work. If any of our female readers share Louise's view that baldies are best they can write to our highly hairy Ed and tell him why. Failing that, they could hang out at the Hippodrome and tell Mr Cueball in person...

Left: the happy couple hang out. Right: ditto!

HEAT AND BUST

Sexual Response sounds like a new phone-in show starring Clare Rayner but is in fact a new video starring American porn star Shannon Tweed. If the cover of this latest release from Columbia Tristar was anything to go by the sex scenes would undoubtedly be heated affairs and a good deodorant advisable. Unfortunately however, any interest in this rather limp tits-out sex thriller stops at the cover of the cassette which depicts Page Three and *Mayfair* favourite Kirsten Imrie wearing little more than a lacy bra and sweating profusely from her glorious garbonzas. 'Some secrets,' reads the blurb accompanying the video, 'should never be told'. Equally, some films should never be made.

SUPER SEXY

For girls who make their living putting clothes on, we couldn't help noticing that the world's biggest Supermodels have recently got into the pleasing habit of taking them all off every time a photographer appears with a black and white film. But what is it about grainy two-tone that makes these gorgeous girls behave in such a wonderful way?

Well it was British Supermodel Naomi Campbell who set the ball rolling by rolling around in black and white with Madonna for that funny book, *Sex*. Since then nearly every girl who's ever shaken her little tush on the catwalk has followed her leggy lead. Cindy Crawford, Amber Smith, Helena, Selena and even cute Kate Moss (the girl from the Kalvin Klein ads) have jumped on the black and white band wagon and stripped off. Even *Mayfair* was considering a centrefold in sepia! Ace snapper Ralph Medland is dusting off his brownie as we speak. Now there's a thought to put you off your breakfast... Ⓜ

Now I love doing it, but I really wouldn't mind a man or two around to satisfy me properly. One night last month, however, things began to take a turn for the better.

I had a lot of extra work to catch up on in the office. It was pushing seven o'clock, and before going home I thought I would finish off a long day and pop into my boss' office to sort out a few papers for the next day.

So I barged into his office expecting to find it empty, but instead got the shock of my life. There he was, sitting with his trousers down round his ankles and wanking himself off over a girlie magazine.

When he saw me standing in the doorway, dropping my files in surprise he froze in horror.

Gabbling profuse apologies he began to pull his trousers up.

"God, I'm sorry," he said, blushing bright red. "I thought everyone had gone home! What must you think of me..."

I don't know what came over me, but the sight of an erection as big as that about to shoot its load set my pussy trembling.

"Look, Tom, it's all right," I whispered, walking over to him. "I know what it's like. Away from home, working late... the tension gets to you after a while, doesn't it?" I cleared a few papers away and sat down on the desk in front of him.

"Yeah, it does. Don't tell me you get up to this sort of thing, too!" he laughed nervously.

"Well, yes I do, but not in the office... although seeing as you're here, and I'm here, and no one else is, why don't we help each other?" He smiled back at me, a little confused as I pushed his chair back a little and knelt down in between his legs, pulling his trousers off completely.

His cock was long and thick, and I moaned softly with relief as I licked his whole length, from the base right up to his throbbing helmet. I couldn't help but smile to myself as I saw him throw his head back and groan with pleasure.

I couldn't tease him any longer, and sinking my mouth onto his prick I slowly began pumping my head up and down, rolling my tongue around his cock every time.

Tom reached down and held my head with both hands to power me harder and harder as I built up my rhythm. I could soon feel him grow even bigger in my mouth, and as he began to reach his orgasm I slipped a hand down my skirt to my bulging clit. I was dying for a fuck as much as Tom was dying to come, but I wasn't going to let any of this lovely spunk go to waste.

As soon as I started to push a finger up into my dripping pussy and thrust it in and out Tom lifted his bum off the chair and gasped out loud as he shot the first stream of spunk into my eager mouth. I felt so good to have sex both in my mouth and in my cunt, almost like having two men at the same, that I buried my head even further down onto him.

I gulped the first mouthful of hot spunk as he squirted jet after jet down my throat. I came almost straight away and moaned softly to myself as I felt my own love juice trickle down between my fingers. His hips bucked in time with his spurts as my throat was coated with his come until eventually Tom's ejaculation's slowed

PLEASURE BOUND

Many men and women are excited by the idea of being tied up, but are not sure how to safely turn their desires into reality. Reporter ***Jayne Wilson*** *set out to make her dreams come true…*

It may not be fashionable, but there are still a few women out there who enjoy being dominated. Well, I'm one of those girls!

It's not that I want to be somebody's slave, getting whipped for failing to have my master's tea ready on time (though a little gentle spanking can be fun!). In fact, in every-day life my friends and colleagues know me as a bit of a feminist – a hard worker who takes no nonsense from anyone.

But when it comes to sex, that's a different matter. I've always liked a guy who'll take charge. And over the last year or two I began to fantasise about a bit of bondage: I dream of being tied to a bed, spreadeagled and helpless, while my boyfriend teases every part of my body with his tongue before giving me the fucking of my life. It's the biggest turn-on I know!

And I'm not the only one. Several girl friends of mine have admitted to similar dreams but are far too right-on to suggest it to their men. For their sake and mine I thought it was time to take a look at the subject sensibly, and with luck make my dirty dreams come true.

I started my quest with the eminently sensible (and, dare I say, dull) *Skin Two* magazine. I explained on the phone that I wanted to indulge in bondage and wanted to know where to get the equipment. They claimed their classified section contained everything I needed to know, so I sent off for a copy.

One glance at the mag revealed that most *Skin Two* people got their kicks by putting on a £300 rubber dress and hanging round posh nightclubs – not my idea of fun at all! However, the classified section did contain a few intriguing names and addresses for the budding bondage victim. One such was a gentleman who had a dungeon "for photographic purposes" in the basement of a normal terraced house in south London. The ultimate tied cottage – but who uses it?

"Lots of couples come here," the owner told me when I phoned. "We've got stocks and bars they can be chained to, and a small cell you can be locked in for as long as you want," he said matter-of-factly.

I was beginning to feel the start of a warm sensation between my legs. The idea of having sex whilst tied to a wall-mounted St Andrews cross had featured in a fantasy of mine only the other night, and it was incredible to think it might really happen!

"Do couples actually screw while they're chained up?" I asked.

"I don't know. I just leave them to it. But they're pretty breathless when they come out!"

Apparently there are lots of these DIY dungeons dotted about the country. There's even one, I was told, in the back of a large Transit van which travels up and down the M1 with its victims chained up in the back!

My next call was to a company in Wales who make and even deliver bondage equipment to your door.

"We do stocks, punishment chairs, a rack, all in real pine," said the proprietor, sounding surprisingly like an assistant at Ikea. "They're very solidly made. I mean, you don't want the leather straps coming off halfway through. Rather defeats the object."

CHAIN REACTION

The punishment chair, a sort of wooden armchair you can be strapped in at the neck, wrists, ankles and waist, sounded very appealing though impossible for sex (mind you, a vibrator would work). However I was put off by the enormous delivery charge (around £50) and the thought of it being carried inside in full view of the neighbours – or worse still, the removal men leaving it with them if I was out when they called! No, something smaller was needed.

Read any men's magazine and if they have a bondage scene at all, the girl is tied up with stockings, scarves or ties. For many people this is a good way to start getting into bondage – though you'd better make sure the stockings are proper old-fashioned nylons, or they'll come apart straight away! But this does have its limitations: because they're not built for the job they can get damaged and torn easily, and also for me they can't equal the slightly kinky appeal of using something that's been specially made for sex.

So next I was off to a rubberwear shop in West London, which I found had a basement selling all kinds of chains and handcuffs. Quite a lot of them do, it seems. Here, I was offered more practical advice.

"If you are planning to be chained to anything and padlocked or handcuffed, make sure all the equipment uses the same key," the assistant said. "There is nothing worse than struggling with several sets trying to find the right one when you're still exhausted from having sex."

Any other advice for women like me who fancy being tied down?

"Obviously, only consider doing it with a guy you really trust. Even then, when they have their wife or girlfriend powerless some men can get a bit silly," she said. "I know of at least two who bound and gagged their girl to the bed, then pissed off to the pub for a pint and a pizza!"

LOVE TIES

I decided to run the risk of John finding the pub more appealing than my naked body chained to a bed, desperately eager for sex, and bought four sets of handcuffs (with the same key) for my ankles and wrists. I later discovered I could have got ex-police ones from a surplus shop for half the price, but I wasn't risking the dubious joy of a faulty lock and the old bill having to turn up to release me from sexual custody.

At last my dream could come true. That night, after a few glasses of wine to get John in the dominating mood, I made him strip off my blouse and skirt and handcuff each wrist and ankle to its bedpost. It was beginning! I could my pussy getting juicy just at the thought of being in John's power. With anyone else, it might have been frightening, but with a man you trust to totally pleasure you, it was wonderful.

Well, it would have been except he forgot to take my knickers off before spread-eagling me on the bed. Typical of a man, no foresight! But actually it was quite nice having my laciest panties ripped off my body. Then he began the slow teasing kisses. My nipples were already stiff but he took one at a time and rolled them between his lips till I was screaming for him to stop.

It was odd not being able to touch him. I wanted to grab his cock and kiss it in return, but I could do nothing but lie there rattling my chains. Likewise, when he did finally slide his cock inside my pussy (God was I wet!), I wanted to wrap my legs around him, but all I could do was arch my back to push into him. Mind you, it didn't stop me coming and coming and coming! It was great!

Now we're getting more adventurous all the time. John starts by just handcuffing my wrists behind my back so I can tease him and give him the blow-job that stops him coming too early (not recommended unless you're prepared to swallow, girls), then spreadeagles me across the bed. Then he might use one of my vibrators on me, or suck my pussy, or handcuff me on the bed face down and give my bottom a couple of little smacks before I get fucked from behind, or – well, anything really. He's in charge, after all! Ⓜ

JAYNE WILSON'S TIED-UP TIPS

1. Only ever play bondage games with a partner you know and trust completely.
2. Always have a codeword which means "release me now". That way you can have loads of fun begging him to stop when you don't really mean it, but be sure he will if you do.
3. Keep the room warm. You can't be cold and horny!
4. Make sure one key fits all locks, so you don't have to search through a bunch. And always keep a spare set!
5. Never, ever use slip knots. They get tighter as you struggle, cut off circulation and can be dangerous.
6. Crotchless knickers could have been invented for bondage. I'll leave you to work that out!
7. The tier-up should keep sex toys, honey etc to hand. Nipping off to the cupboard breaks the flow!
8. A blindfold adds to that 'helpless' feeling – you can get custom-made ones from theatrical outfitters.
9. Use your imagination! It's amazing what you can tie to where when you think about it…

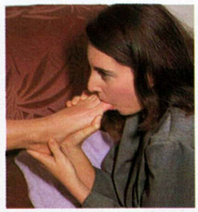
GIVE HER A TOE!

Fergie likes it, Madonna enjoys doing it and David Mellor prefers it in his Chelsea strip. Yes, it's the toe job, the subtle art of sucking the tootsies which seems to turn on men and women alike. Well, if your sole desire is munching some miss's metatarsals then you can enjoy nearly an hour of toe-tal pleasure in Buff Films' latest epic *Toes R Us* (Buff Films £35).

From a restaurant called Piggies where the food is served on the customers' feet and has to be licked off, to a pedicure that turns into a full scale lesbian session where bare feet are devoured like lollipops, *Toes R Us* caters for most aspects of foot fetishism including high heels, stockings and of course beautiful bare toots. But what does it feel like to give or be given a toe-job?

"At first it tasted odd — warm and salty — but it was actually quite nice," said model Luna Winter, who can be seen sucking the toes of Louise Hodges in a 69 position. "It certainly wasn't unpleasant."



"It was a fabulous feeling having it done," Louise added. "I've always enjoyed having my feet massaged and Luna's lips and tongue were terrific. I admit that I got far more excited than I thought."

Only Gill Samson had trouble during one scene where Samantha-Jane licks cream cake from her perfect painted piggies. "I'm extremely ticklish and I found it hard not to laugh! I kept telling her to do it harder but Sammy insisted on being gentle with me, and I thought I'd explode." *Toes R Us* is available from Buff Films, P.O. Box 517, London, SE23 3UY.

WOODY DARE?

Watch out, Mia! As Woody Allen's fans will know, the plots of his films have a strange habit of mirroring his now much-publicised private life. So what's the story of his latest epic? Entitled *Manhattan Murder Mystery*, it concerns a man who kills his wife! Nah, Woody wouldn't – would 'e?

CAUGHT OUT

Spotted outside Broadcasting House was the flabby frame of Danny Baker (he of Radio Five, the Daz and Mars Bar ads). He seemed to be having a rather heated discussion with a female underling, during which time we overheard the modest Deptford lad point out: "What you have to realise is that I'm God!" Seems his ego, like his Mars bar, is bigger than ever!

GETTING THE COCK UP

It had to happen! Electric Blue meets *It'll Be Alright on the Night* but without the mundane musings of Denis Norden! Yes, the long-running series of saucy videos have asked the girls if they'd let us see the bits they normally take out. No, we don't just mean their titanic tits, but also their cock-ups.

The girls' bloomers are aired on *Electric Blue's Greatest Boobs* (prices vary). Most seem to prove that even the most megaboobed maiden doesn't have a lot up top. They forget lines or what they are meant to be doing with the rapidity of an absent minded goldfish, though there are some nice bits of good old fashioned clumsiness in the scenes from their famous Sex Olympics.

I have rather mixed feelings about this tape though. Whilst like all Electric Blue's products it is well produced and features some fabulous females, making them look like dumb bimbos is just confirming what too many people believe already. Out-takes are only funny when the performer is normally extremely slick. Reminding us that sexy Sharon isn't a Shakespearian actress doesn't take that much skill. Having said that, it is quite a good laugh.

BODIES IN EVIDENCE

More boobs on the big screen… Christened *Even Baser Instinct* by previewers, as you probably know by now, Madonna gets her kecks off yet again in *Body of Evidence*, out this month. If by some chance you've been in another galaxy and haven't yet seen her tits (some chance), here's yet another chance to see the most over-rated musical double act since Peters and Lee. Ⓜ

THE INSIDER'S GUIDE TO A BIT ON THE SIDE

*This month, **Franklyn Mint**, renowned shed historian and worldwide authority on laminated chipboard shelving, shows us how to keep a few things under our hats and under our belts.*

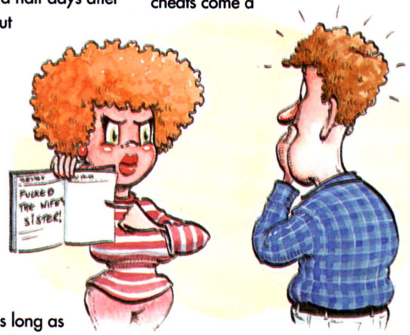
Why are men unfaithful? We spend weeks, months, even years trying to woo some girl, and then exactly two and a half days after we start going out with her, we're on the lookout for a bit on the side. What obscure compulsion makes us do this? Are we insecure, inadequate, or just plain greedy?

Who cares? As long as we don't get caught, of course. Hence *Mayfair*'s handy cut-out-n-hide-in-a-shoebox-under-the-bed guide to getting away with getting your end away.

A is for arrogance. Never show any signs of doubt. When she spots that lipstick on your collar (or worse, your boxer shorts) and demands an explanation, simply reply, "Oh, god knows – one of my many admirers, I suppose." Women cannot believe that anyone guilty can be this brazen: odds are you'll get away with it.

B is for bullshit. It helps enormously to have this coming out of your ears.

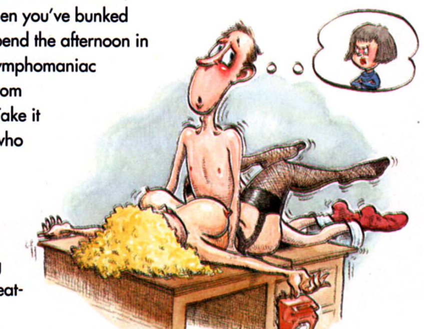
C is for cheating, getting caught, chaos, hiding in the closet, catastrophe and carnage. But it's also for coitus, which sort of makes up for everything, doesn't it?



D is for diaries. It may seem basic, but it's amazing how many novice cheats come a cropper by writing "Nicola – her place – shag" in their appointments books. Women spot these things, you know. Make up a code instead: "drink with lads" usually covers everything.

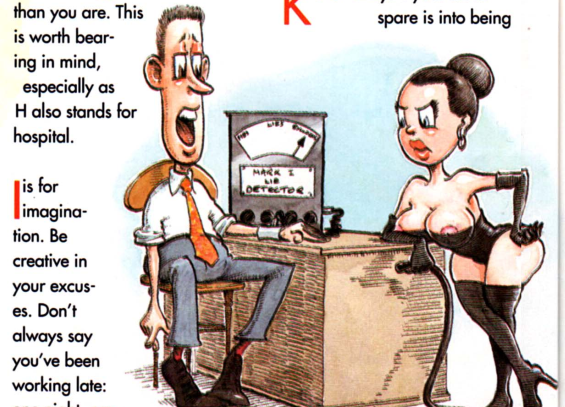
E is for endings. Nobody can carry on a secret affair for ever without getting caught, so you'll have to put a stop to it some time. But not quite yet, eh?

F is for friends. It also stands for their flats. Friends are fine things, but their flats are better, especially when you've bunked off work to spend the afternoon in one with a nymphomaniac hairdresser from Dagenham. Take it from a man who knows.



G is for guilt. If you're feeling too guilty, cheating's not for you and you should stop. On the other hand, if you're not feeling guilty at all, you're not doing it right...

H is for husbands. A lot of women have them, and the chances are that at least half of them are bigger than you are. This is worth bearing in mind, especially as H also stands for hospital.



I is for imagination. Be creative in your excuses. Don't always say you've been working late: one night, pretend you're secretly a committed Palestinian terrorist and you've been putting in some extra hours at the bomb factory. She won't believe you, but it'll make your life more interesting.

J is for juices, jugs and those rather lovely things you're getting twice your fair share of. Try not to be too smug. If you are you soon won't have any friends left, and that will leave you with a flat shortage (see F).

K is for kinky: if your bit of spare is into being tied up and covered in blackcurrant jelly, don't rush home and suggest the same to your other half. She will be suspicious. She will also make you wash the sheets. This will take a couple of weeks and a lorryload of Bold Ultra.

L is for lying. It's not very nice, but if you've got to do it, do it well.

M is for meeting. Just make damn sure they never do.

N is for noticing things. And women are far more observant than men. Always check for stray hairs, shower off perfume smells, and remember to remove that pair of knickers she stuffed in your pocket. They will make your girlfriend suspicious.

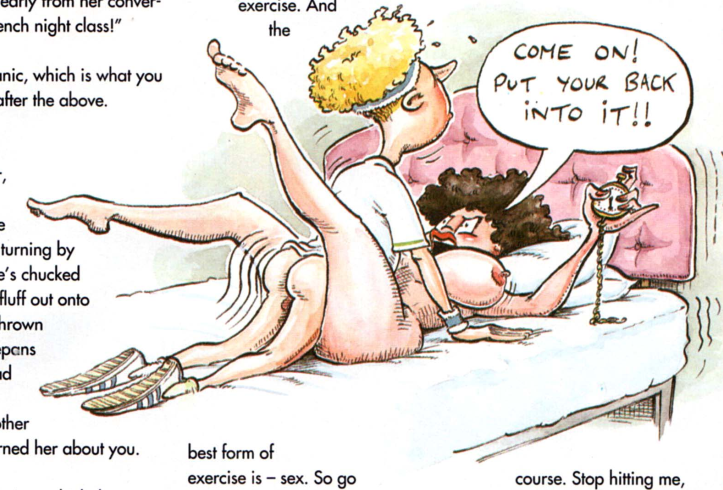
O is for "Oh god she's come back early from her conversational French night class!"

P is for panic, which is what you do just after the above.

Q is for queer, which is what you're thinking of turning by the time she's chucked your bit of fluff out onto the street, thrown three saucepans at your head and told you her mother always warned her about you.

R is for ringing, which the phone will do a lot of. If your bits on the side must phone you at home, tell them to sound furious and accuse your girlfriend of screwing their husband. The best form of defence is attack. And who's to say they'll be lying?

S is for stamina. The quickest way to let your girlfriend know you're being a bad boy is to be too shagged out to give her a seeing-to. For this reason cheats have to be in tip-top condition. You achieve this by exercise. And the best form of exercise is – sex. So go and have some more. Right now. Simple, isn't it?



COME ON! PUT YOUR BACK INTO IT!!

T is for trust. No relationship can survive without it. So trust her. She can't very well be behaving worse than you are, can she?

U is for underwear. Do not say to your other half, "Why don't you wear peephole bras like your mate Sharon does? Or at least I've heard she does. From a friend. I've got no way of knowing, of course. Stop hitting me, please." This is known as a Dead Giveaway. U is also for urge. And no matter how many times you get caught you'll still get it!

V is for Vera. Never have an affair with someone called Vera. People will giggle.

W is for "Wow, you're the best lover I've ever had," said by your wife and your affair on the same day. Call us shallow, but it's things like that which make life worth living.

X is for clever dicks who can think of a relevant word starting with X. Write in and tell us if you can, and we might run it next month. Or not.

Y is for yes. This is what women always say when you're already attached to another girl and shouldn't, and never say when you're single, available and desperate to. Tough world, isn't it?

Z is for zooaphilia, or sexual interest in animals. This is what you may begin to feel when you realise, after many mad, dangerous and chaotic years of cheating, that women are much more trouble than they're worth. Mind you, letting a male gorilla catch you with his missus is dangerous too. Ⓜ

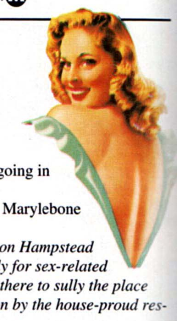
Say goodbye to social faux pas with the instinctively right ***Lavinia Garden***



Hello again, darlings, Lavinia here with another selection of advice on how to handle yourself in public (the answer being with your hands in your pockets!) If you have any little foibles you'd like to touch upon or mouth off over, do drop me a line.

True Blue Brown Nose
Dear Lavinia, As Chairperson of my local Conservative group, I have the immense honour of welcoming that great statesperson, Margaret Thatcher to our town shortly. Can you tell me which is more correct — Lady Thatcher or Baroness Thatcher?

Henrietta, Surrey

Lavinia says:
I rather think, "Stupid Old Cow Whose Monetarist Policies Got Us in This Mess in the First Place" might be more appropriate.

Plummy Voices
Dear Lavinia, In my deportment lessons, they taught me that I should learn to speak with a plum in my mouth. So last week I invited the groundsman round, undid his flies, and practised talking whilst sucking one of his gonads. However, when Miss Haughty-Cow, the Latin mistress caught me, she jolly well gave me six of the best (which incidentally, I thoroughly enjoyed). Why?

Antonia, St Lesbia's College, Sussex

Lavinia says:
Because the phrase "plum in your mouth" does not refer to oral sex, my dear. However, learning to speak whilst sucking a knob or bollock is a useful skill especially if your partner requires the encouragement of a little profanity such as, "I'm going to suck your cock dry and make you fuck me, you dickhead."

Fair Play
Dear Lavinia, Whilst watching a cricket match at Lords I was interested to see two doorways one labelled 'Gentlemen', the other 'Players'. At first I didn't know which one to use. Is Lords the only place where the toilets differentiate between men wanting a piss and those going in for a wank?

Cedric, Marylebone

Lavinia says:
No, one knows of a toilet on Hampstead Heath used almost entirely for sex-related activity. Anyone going in there to sully the place with urine is frowned upon by the house-proud residents.

Standing Question
Dear Lavinia, Can you tell me is it still considered good manners to stand up when a young woman enters the room?

Mark, Surrey

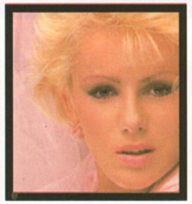
Lavinia says:
Standing up firm and proud is the greatest compliment a man can pay a woman, especially in the area of the groin. Women, however, should recognise the compliment without taking any action. Getting it out and shaking it warmly in greeting is decidedly de trop. Ⓜ

QUEST

THE LABORATORY OF HUMAN RESPONSE

Oral sex is a subject always guaranteed to have Mayfair's female readers going wild with lust — they can't get enough of that mouth-to-mouth resuscitation! Quest talks to three respondents about their very different ideas concerning oral sex, and how they go about getting it...

PERSONAL FILE



Name... Miss G

Age... 24

Sex... Female

Town of origin... Glasgow

Other details... This government official is extremely highly sexed and enjoys every aspect of lovemaking, but her favourite pastime is oral sex — both giving and receiving...

Quest: You feel very comfortable with your high sex drive, don't you?

Miss G: Yes, though I do know that some of my women friends find it rather odd that I'm so highly sexed and so open about it. It's like the old idea that it should always be the man who craves sex all the time: that's nonsense! I'm not ashamed of the fact that there's nothing that livens me up more than a good, thick cock pushing into my mouth before filling up my cunt. I'm happy to admit that I love sex of all varieties, and I think the fact that I love sex and am not afraid to experiment to keep sex interesting makes me a much better lover.

Quest: Tell us about your first experience of oral sex.

Miss G: Is that me giving it, or someone else giving me oral sex?

Quest: And what about you giving it?

Miss G: I'd have to go back quite a few years for that. I think it was when I was dating my first serious boyfriend, the first one I went all the way with. Greg was far more experienced than me sexually, and I loved it when he taught me all the sexual techniques that I'd only ever read about previously. The first time he fingered my little clitoris, the first time he showed me how to give the perfect handjob, gripping his shaft hard and working up and down in a steady rhythm until he gave me his beautiful white come. I loved the expression on his face as he shot it into my hand.

We had sex together for the first time just after that, but it wasn't for another few weeks that I actually got to grips with the mechanics of giving a blowjob. I love calling it that: it sounds so dirty. I used to roll the word around my tongue when I first learnt it, and Greg loved to hear me say it over and over again. It certainly wasn't the sort of word which was ever mentioned in my parents' house!

The first time he decided that I ought to learn to give a blowjob, I knew vaguely what I was supposed to do, but I didn't know the proper technique. Greg took great delight in telling me.

"First, just grip it between your fingers, quite firmly," he told me, leaning back into the chair, his lovely thick cock pointing right up from his belly, the dark helmet poking out from under his foreskin. I ran my fingers lovingly through his pubic hair, massaging the base of his cock as I did so. I could see his balls tightening with pleasure, and I gently licked at the inside of his naked thighs as I worked his cock to full hardness with my fingers.

"Now, just take the tip of it into your mouth, right inside," Greg breathed, and groaned with enjoyment as I gazed at him straight in the eye at the same time as pulling his cock between my lips and beginning to lick the tip of it with my tongue.

I couldn't believe how good my first taste of cock was, Greg's pre-come juices leaking out to coat his helmet and my tongue. I savoured the flavour, wondering why I'd taken this long to discover it. I knew I was going to become addicted.

"Now your tongue, use your tongue on it," Greg panted. He could barely get the words out, he was so aroused. I could feel every vein in his shaft throbbing, his wiry bush rubbing gently against my chin and tickling me. Getting bolder, I tightened the grip of my lips around his helmet, pushing quite hard further and further down his cock. It was very thick and I loved the sensation of my mouth being gradually filled up more and more the further down his shaft I sucked.

"I don't think you need me to tell you how to do this," Greg murmured, as I now took his whole length back into my throat and sucked hard with my lips, my tongue working frantically along the underside as I held it in my mouth. Greg's balls were so tight with come that I knew he wasn't going to be able to hold his climax back for too long.

I loved the feeling of power that my blowjob work was giving me, and that feeling of power aroused me so much that, without taking Greg's cock out of my mouth, I whipped down my knickers, pulled my skirt up and started manically frigging my little clitoris, my thumb working on my little love button as my index finger dipped into my love hole and stirred my sticky juices around.

"I'm going to come in your mouth," Greg shouted as a warning, and I sucked and licked harder so as to urge him on. I could hardly contain myself, I was so aroused waiting for my first real taste of a man's come.

Greg's hips bucked urgently as he thrust his cock as far into my mouth as it would go, and with a great effort I gripped the base of his shaft and held it in place as he unloaded all his come into my mouth. It dribbled out from the corners of my mouth, but I was determined not to lose any of it – as I swallowed my first load, I discovered just how delicious it tasted. As Greg's cock finished spurting and became soft, I let it drop out of my mouth and swilled the come around, gulping down three or four mouthfuls one after the other. What a great way to be initiated into the art of blowjobs.

Quest: Your sex life improved after that?

Miss G: Dramatically. I really got the taste for sucking cock, and of course, Greg was only too happy to let me practise my technique on him. It wasn't long, though, before I began to be anxious for him to return the favour on me.

I just came out with it. "Go down on me, Greg," I told him, and I can barely describe the feeling that swept through my cunt as he moved his lips down my naked body as I lay on the bed, playing with my nipples and flaunting my breasts for him. He teased me for what seemed like hours, running his lips softly around my love bush, dipping his tongue into the sparse hairs there (I always keep it well trimmed) until I was digging my nails into his back and begging him to lick me out.

"Do it now, Greg," I told him. "I want to feel your tongue inside my cunt."

The first time I felt the tip of his tongue push its way inside my pussy, my whole cunt trembled and I just lay back and let the pre-orgasmic sensations wash over me. Greg was something of a cunnilingus expert, I soon learned; and now he spends hours showing me the best places on my body to get the most arousing sensations – the opening just by my pussy hole, my clitty and the soft flesh that surrounds it... Greg showed me them all. I urged his tongue inside me harder and harder, and he thrust it up as high as possible, making me arch off the bed as I gripped Greg's head and held him there. There was no way that I was going to let his tongue out of my cunt until he'd given me at least three orgasms.

"I can barely describe the feeling that swept through my cunt as he moved his lips down on my naked body"

My juices were coating Greg's face as I thrashed against him, my climaxes starting to ripple right through me with such force that I was yelling and cursing like a fishwife! My toes curled and the faster Greg tongue-fucked me, the faster I was coming, until I could hardly breathe with the force of it. His cock was as stiff as a poker too, and I was so far gone that I hardly noticed when he replaced his tongue with his tool, shafting right up into me as Greg held my legs up around my shoulders for maximum penetration. As a final treat, instead of coming inside me, he pulled out at the last minute and unloaded all his come over my boobs and stiff nipples, giving me a final orgasm just by doing that. I loved the look on his face as I licked it all off afterwards.

Oral sex — both types! — is now a huge part of my sex life, and it just gets better with practice. It's such a great way of building up to the real thing, and if you're feeling a bit frisky but not quite in the mood for going all the way, there's nothing better to get you going. I'm just sorry I can't do it on myself to keep my pussy happy when my boyfriend's away!

Quest: Thank you.

TORQUE TALK

*Motoring correspondent **Hugh Laver** finds a car to suit everyone's tastes — even insect-loving farmers from Essex who like to shag while they're driving, so Swatch this Espace...*

The mighty new lightweight Honda Type-R

The launch of the aluminium/carbonfibre Honda Type-R (an even quicker, even lighter version of the already very quick, very light-weight NSX supercar), demonstrates the Japs are again targeting the Ferrari 348. They could also be planning a rival for the venerable VW Beetle according to a rumour in New Scientist magazine which reports the company is buying 100,000 insects (of the genus blatta orientalis) from the former USSR "to assist with some research". The Honda Cockroach should be on sale this Summer.

Just buggin': Mitsubishi's Aluma coupé. Looks like a drag...

The 3-door Mitsubishi MS1000 continues the bug theme by looking like a ladybird. Well, sort of. In fact Mitsubishi are going great guns just now. First there was the 300hp Porsche-pounding 3000GT, then a stunning hi-tech hot rod (the not-so-mellow-but-very-yellow Aluma Coupé) and now this. Unusually, the MS1000 has two doors on one side but only one on the other, and uses exotic weight-saving metals like titanium and magnesium. Chic, for sure. Cheap? I think not.

Ford meanwhile has unveiled its most expensive model yet — the £3 billion Mondeo. Developing the Sierra replacement has cost Ford four times what it cost BMW to develop the 7-series, but it looks to be the company's best all-rounder so far. New, too, is the Ford Maverick, an off-road rival for Vauxhall's poxy Frontera, and an Espace-type people-mover. These have been developed jointly with Nissan and VW who will sell identical vehicles under other names. Even more confusingly, the Anglo/German/Japanese hybrids will actually be built in Spain.

Smoking is apparently dangerous. According to research carried out in America, motorists who light up are twice as likely to crash whilst fumbling for fags or succumbing to smoker's cough. Is this why the ashtrays are optional on the utterly brill BMW 325i Coupé? We tried to find out, but a spokesman for BMW was unavailable for comment, probably having nipped out the back for quick fag.

And speaking of dangerous behaviour, new research by the Guild of Experienced Motorists (sound like a fun bunch) shows that bonking on the move is most popular South of Watford Gap. Twenty nine per cent of Southerners admitted to indulging with a passenger *while driving*; in the Midlands only 25% managed it, whilst the North's showing was a pathetic 20%. They like to ogle instead, with 72% admitting gawping at girlies compared to just 64% in the South. Appropriately, the research was sponsored by Welcome Break.

Subaru make tough 4x4s beloved of farmers, rally-winners like Colin McRae and other butch outdoor types, but they're usually ugly and somewhat agricultural (the cars, I hasten to add). So how come the Subaru SVX is being described as 'a Japanese XJS, styled by Guigiaro with the handling of a Porsche 928'? Because it's something else altogether, that's how come.

The new Mondeo from Ford cost £3b to develop and it still looks like a Sierra.

Nothing about it is normal, from the unique glass-to-glass architecture to its highly unusual 3.3litre 24 valve flat six. It's weird, but good, too: 145 mph, permanent four wheel drive, active torque split and a clever switchable gearbox (auto or manual, power or economy, you decide at the touch of a button) make it a techno-dweeb's delight at £26,879.30.

Because it's still secret, we can't show you any pictures of the so-called Swatchmobile but then we don't need to — all you need to know is that it's Swiss, plastic, cheap, and owners can change the body-colour to suit their moods. In other words, it's just like the Swatchwatch. But then it would be, as it's the brainchild of Swatch's founder, Nicolas Hayek. It's not that clever though: 10 feet long, it seats just two whereas 30 years ago Alec Issigonis got four into something no larger and called it the Mini. On sale in '97, the Swatchmobile will cost £6,000 — cheap, but equivalent to about a thousand years' wages in China where it'll probably be built. Ⓜ

LIFE SENTENCE

*The Cannes Film Festival was the perfect setting for lounge lizard **Charlie Munro**'s brief encounter with a girl called Lydia and a tequila or two...*

I hate routine. I abhor habit. Even so, every year, regular as clockwork, you'll find me at the Cannes Film Festival. I've seen enough footage to stretch from here to Mars and met enough strange characters to populate a medium-sized planet.

The last time I was there, however, something happened which almost put an end to my annual sojourns. In fact it almost put an end to my life. And all because of a beautiful woman...

It started one sunny afternoon while I was sitting alone, sipping champagne, reading the *Hollywood Report* on the crowded terrace of the Carlton Hotel, the epicentre of the festival.

I suddenly became aware of someone standing near me, blocking out my sun. I looked up, adjusted my Ray Bans and felt my heartbeat quicken as I took her in. She had very long legs, a shapely body and long blonde hair; framed in a halo of sunlight, she looked like an angel. She was staring directly at me. If she was a starlet looking for a break, she had come to the wrong table.

"Yes?" I said. "Can I help you?"

"I hope," she replied in an East European accent. "My name is Lydia." Her voice was desperate.

"Delighted. I'm Charlie Munro."

"You are staying at the Martinez?"

"Yes," I replied, surprised. The Martinez is a couple of blocks away along the Croisette.

"Me too. I saw you there. I need help," she repeated, anxiously looking around.

"What's the matter?" I asked. Lydia was about to reply when she caught sight of two guys in dark suits and sunglasses who had just climbed the steps leading to the terrace from the street.

They spotted her and she leapt to her feet, saying, "La Chunga. Ten o'clock tonight! Please!" And then she disappeared through the sliding glass doors into the hotel.

The two monkeys in the dark suits took off after her. It wasn't my fault that the first tripped over my foot as he passed my table, followed by the second. They both ended up in a pile at my feet. I looked astonished.

"Easy, chaps. You could hurt yourselves," I said.

The larger of the two got to his feet. "That was silly of you," he growled.

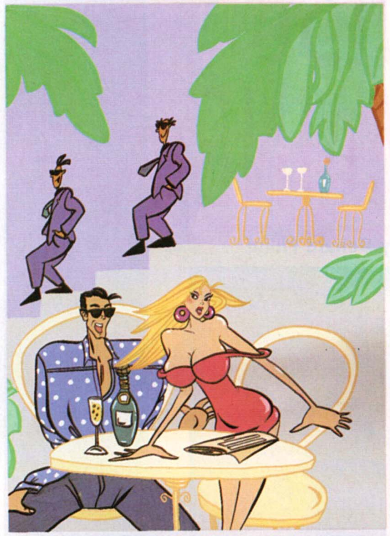
"Why?" I said with a smile.

In reply, the gorilla pulled open his jacket to reveal his gun sitting in its shoulder holster. These guys were not your average film buffs. Lydia really *was* in trouble.

The ape left with a grunt, but Lydia was safely away – for the moment.

After a few minutes, I left the terrace and went off to a private screening of a Russian movie which was being shown to prospective distributors by an old friend of mine called Leonid. Not too many laughs, but beautifully shot. I was having trouble concentrating, though. I had a lot on my mind...

La Chunga is a 24-hour restaurant with live music, and what it lacks in size it makes up for in excitement. I was lost in the mellifluous tones of the jazz singer when I felt someone sit next to me. She was wearing a short black dress covered in sequins.



"Hello, Charlie," she said, sexily.

"Hello."

"I am sorry I am late. I have big problem," she said, looking worried.

"What's up?"

"I would like for you to look after something for me."

"What?" I asked.

"What room do you have?"

"A nice room," I replied, still unsure of her motives.

"It is possible for me to come to your room in thirty minutes?"

I didn't know what she was playing at, but I liked the game.

"Why me?" I asked. She looked at me with her beautiful eyes: "I trust you."

Exactly thirty minutes later, there was a knock on my hotel room door. It was Lydia. And a trolley piled high with shiny film cans.

"What the..." I began to say, but she silenced me the best way I know how. A few minutes later I managed to prise her suction-pad lips from mine. Explanation time.

"It's my movie," she said.

"Your movie?"

"Yes. I wrote it, I produced it and I directed it. But they want to take it away from me. They want to destroy it for the insurance money."

"Uh-huh. So why have you brought it here?" I asked.

"Because I have arranged a screening at midnight. And you must help me get it to the cinema," she pleaded.

"Okay," I said at length and picked up the 'phone. Fifty minutes later, Lydia and I were standing outside the Hotel Martinez, supervising the loading of film cans into a taxi driven by Philippe, a reliable character with a taste for adventure. I handed him a $100 bill and gave him a knowing wink as he climbed in behind the wheel.

No sooner had the taxi pulled out of the hotel driveway than I spotted the two monkeys following it in a dark Mercedes. I turned to Lydia and smiled. She wrapped her arms around my neck and planted those incredible lips of hers on mine...

When the house lights went up in the packed cinema at around two in the morning, distributors were on their feet, climbing over one another to get to Lydia, who was sitting next to me. I told her I'd wait for her outside and left her to it.

She got her screening plus her recognition and I knew that if I continued to play my cards right, I would get Lydia later that night.

It was all thanks to Leonid, of course. He'd provided me with cans containing old reels from Russian movies – pretty dreadful ones, too. Still, they made a useful decoy when we loaded them into Philippe's taxi for the monkeys to chase. And that, as they say, is showbiz. Ⓜ

LETTERS

Continued from page 11

down to a dribble as he sank back into his chair. His eyes opened and he grinned. Lifting me up he kissed me on the lips.

"Caroline, that was fantastic..." he whispered, and after he got his breath back, "fancy a little more?" He must have read the look on my face as he stood up and turned me round, gently pushing me forward so I had to support myself on the desk.

He eased my legs apart and stroked my bum cheeks with his still hard, glistening cock. His hands ran up my wet slit, sending shivers shooting though my pussy and up the whole length of my body. Without another word, he slid himself in.

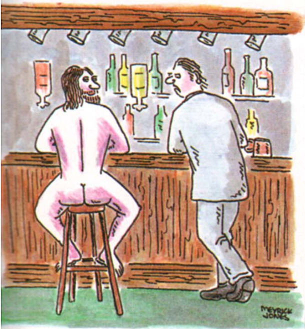
I let out a gasp and clutched the edge of the desk, holding that position for a moment as I savoured the feeling of a cock up inside me once again. Then, as I pushed back towards him to get every inch of his shaft into me, he held onto my hips and began to rock gently forward and back, slowly pushing harder and harder as we picked up speed. I stood on tiptoe as my second orgasm built up inside of me, but even then I couldn't stand up any longer.

With a clatter I fell forward, sending papers and phones crashing to the floor as I sprawled flat on the desk, with Tom still pumping away behind me. I stretched out my arms and held on tight to the sides as I spread my legs even further apart.

And that was all the encouragement Tom needed, and with a groan he gave one final lunge and came for the second time, but this time treating my pussy to a soaking. I could feel his jets shoot into me as I covered his cock in my come, both of us groaning out loud with relief as we collapsed back into his chair.

We sat like that for a while, me still straddling him as we tried to regain our composure —which isn't the easiest thing in the world to do with a cock still inside you!

Well, since that evening, our after-work sessions have continued, and although we have to keep the affair secret, I don't think either of us have ever been happier. And who says business and pleasure don't mix! — Caroline, Reading



I know you - you're that bloke from 'The Joy of Sex'

SCREEN DREAM

My wife Sandy loves to watch romantic films. I always assumed she liked them for the soppy stories, but recently I discovered the truth — she gets really turned on by the love scenes.

I probaly would never have realised if I hadn't come home early from a night out with the lads and caught her watching 'Ghost' on the video. It's one of her favourite films — and now I know why!

Sandy was sprawled on the sofa, her blouse unbuttoned and her bra pulled down so she could fondle her full tits and pinch her nipples with one hand, while the other was shoved down the front of her knickers. As the couple on the screen embraced passionately, I could see her hand moving furiously, rubbing her pussy. She

PERVY FOR A PENNY!

Strapped for cash? Then bonk on a budget with our sex-on-a-shoestring guide!

SPLIT CROTCH PANTIES — Take her favourite panties and rip them along the gusset.

BIN-LINER FOR A DRESS — Cheap and easy to get hold of. No, not her, but this handy, easy-to-make-and-even-easier-to-remove one-piece. Even though it does look like rubbish!

TOP OF A FOUR-PACK FOR HANDCUFFS — Simply drink the lager, then attach the plastic loops to your loved one. But please don't fall asleep afterwards and leave her strapped to the bed.

BATH PLUG AND CHAIN FOR CHAINS — Save pounds on expensive ones with this instead! Motorbike chains can also be used but ask first, or you'll find it being used on you in a slightly different way.

INFLATABLE GORILLA FOR A WATERBED — Grrrrrr-eat! Shove a few bananas in his hand for that added 'hairy well-built fella with a handful to play with' feel. Do watch out for small pricks, though.

WELLIES — And who needs heels with our wicked wellie look? Turn him on as you flop around the bedroom like a pissed farmer before finally spraining your ankle on the bloody things.

VIDEO SEX — Can't afford a camcorder? Then get out your Polaroid and take a series of pictures at one second intervals. . Paste them into a book and flick the pages rapidly for personal porn movie.

PAPER BAG FOR A MASK — Forget those silly black things that make you look like Spiderman, try this instead! Makes you look like the Elephant Man relaxing at home but they do cost bugger all...

MARIGOLD GLOVES — For that authentic rubbery feel, get a pair of these on. Bright yellow too so he can find you in the dark! Mind out for friction burns.

PING PONG BAT INSTEAD OF A WHIP — Playing games was never such a giggle! Much less painful and makes a funnier sound when slapped across the right bits.

REMOVABLE TATTOOS — Depending on your preference, you can now look like a butch sailor on leave or a spanking little sex kitten on a night-out!

FAIRY LIQUID INSTEAD OF MASSAGE OIL — It's frothy, man! Your hands will be about the only things that are soft after ten minutes with this, and you'll feel all washed up. Good clean fun!

CHAMPAGNE — Buy some cheap sweet table wine and add Alka Seltzer.

MONEY MAYFAIR

DRIBBLESHOOTER — DOING THE BUSINESS

We asked the famous greasy-haired industrial troubleshooter, Sir John Pervy-Jones to turn his attention to the bedroom rather than the boardroom and tell us how we can improve efficiency there.

1) Copping Off

"It is commonly assumed that you have to take a girl out for a meal before you get to have sexual relations with her. The meal therefore constitutes venture capital and should not be parted with lightly.

Ask your potential female company what profits your investments are likely to yield and tailor your outlay accordingly (e.g. quick pizza = feel of her tits; Indian with onion bahjees = blow job; five course meal at the Savoy = full sex). If possible, get her to issue a prospectus outlining her proposals."

2) Foreplay

"In return, once back at your place, you should offer a 'Doing the Business Plan' outlining the future as you see it. This should include a full appraisal of your major asset, the penis, including its size, potential for growth, where you see it going and how much you expect to get out of it. You can then embark on foreplay.

Sexual entrepreneurs should try and get the maximum benefit from this area. Manpower should be used to its greatest potential, so it is vital to fully discuss with your partner or partners exactly what each should be doing and when so as not to waste time on unnecessary actions (e.g. smearing a man's chest with yoghurt when he already has a hard-on like a Giant Redwood). Too many penises have gone bust prematurely through attempting to offer services in too many fields. Stick to what you do best if you want to avoid over expansion.

3) The Business

Make sure all the parts and labour are functioning at optimum efficiency so down time is minimised. Keep manpower to a one or, at the most, two men per girl ratio. Work hard, with regular breaks for the allotted time and do not interrupt the business of the day to take phone calls — instead, have your secretary stick Post It notes bearing phone messages to an easily seen surface (e.g. her breasts). Continue until the job is done to yours and the customer's satisfaction. When production stops, mop up the excess with a tissue.

4) Masturbation

Now I have to recommend this highly. It's the ultimate one man business. You control everything. Ideal for the hands-on director. As the sexual recession continues, I for one think we'll see a lot more single person enterprises setting up — and more power to their elbows.

HARD CELL

You may have noticed something of a phoney war going on between those telecommunications giants Cellnet and Vodaphone recently. Both have been pleading with us to buy portable telephones and offering favourable new terms to anyone prepared to pose as a prat with their new mobile on the train.

Both companies now offer 'low call' packages where monthly line rental is reduced from £25 to £15, though the call charges are doubled. "But as you don't use this phone much," their argument goes, "you save money!" Well, actually you have to hardly use the phone at all to save money. One call a day would make this new service more expensive than the old one!

That's why we're offering Cellnet and Vodaphone a buttock each of our Tight Arse of the Month award (a perfect reproduction in bronze of Maureen Lipman's backside) along with the recommendation to all readers to ignore their massive advertising campaigns. After all, you're paying for them.

However, if you do want to be able to ring the wife from some strange motel room pretending you're stuck on the M25, may we recommend that you hang on for a few months more. Mercury will shortly be entering the mobile phone market, and not surprisingly their rental and call charges are promising to be the cheapest of the lot! Ⓜ

PERSONAL FILE
Name... Ms N
Age... 22
Sex... Female
Town of origin... Ripon
Other details...
Despite having had a number of lovers, this student felt that she had never reached the level of good sex that she strived for. It was only when she and her partner experimented with him giving her oral sex that her problems began to be solved...

Quest: Briefly, what was it that you felt was the problem with sex for you?

Ms N: I can't really put my finger on it, other than to say that perhaps it might have had something to do with my family background. My parents never mentioned sex, so I grew up thinking that maybe it was something that ladies shouldn't do, if you see what I mean. I was soon shown the truth, though, when my first boyfriend at college showed me some copies of his *Mayfair* collection! I loved seeing all the pictures of the sexy women obviously loving showing off their bodies — and I'd be lying if I said that it didn't turn me on a little too.

The problem was that, although I got turned on by sexy pictures and stories like that, and I could easily bring myself off with my own fantasies, I couldn't really translate it into the actual sex act. It was quite a few boyfriends later when I realised that the problem must lie within me.

Quest: Did you make a conscious decision to tackle the problem, or did the solution present itself by accident?

Ms N: I never really thought about what I could do about it, but then two years ago I met my current lover, Steve. He's about 10 years older than me, and a lecturer at my college. I suppose that part of the reason that my sex life is so much better now is because Steve is very open about sex and encourages me to experiment whenever possible.

When we first started fucking each other, I just expected the straight, rather routine, sex that I'd had with all my previous lovers. But when Steve started suggesting that we try different positions and ways to bring each other to orgasm, I felt so relaxed with him that I was only too eager to try everything out. Soon I was loving the feel of Steve's cock as he pistoned into me from behind, my teeth biting into the pillow as the doggy position gave wonderfully deep penetration, and the same went for when he let me hold my ankles over my ears and Steve raised himself with his forearms so that he was in the best position to move his cock from side to side inside my cunt. I loved the feeling of losing control as I learned to ride the orgasms he was giving me, and I must admit that I became quite raucous during lovemaking.

Oral sex, it soon became obvious, is one of Steve's favourite pastimes — I'm talking about him going down on me. He'd already taught me the delights of sucking his prick until he filled my mouth with his come, and I'd come to love the taste of that, which I'd never thought would happen for me. But as for him licking out my cunt, that was something that I'd always thought was not quite nice, almost. Steve showed me differently.

"Just relax, lie back and let me do all the work," he told me when he promised that he'd teach me to enjoy having my cunny sucked. Then he took the pot of smooth yoghurt that he'd appropriated from the kitchen and spread some of it over my cunny and bush. The cool substance felt wonderful on my hot pussy, mixing with my oozing juices. I could feel my pussy muscles clenching as his fingers massaged around my cunt hole, never penetrating in there but just working the soft, moist folds around it. I couldn't resist raising my head and pulling one of my big boobs up and into my mouth so that I could suck the nipple. Steve's prick went rock hard in response.

I shuddered as he started licking the yoghurt off my cunt, and I felt that it must taste strongly of my love juices which were dripping out of me as I spread my legs as far apart as I could. Then Steve eased my love lips apart with his thumbs and slowly, very gently, pushed his tongue inside my cunt.

Little climaxes were starting to build up inside my cunt, and I bit my lips as Steve started lapping at my cunt like a cat lapping up the cream, using really firm, long strokes working up and down my love lips, then dipping into my love hole and really filling it. I was surprised at how hard his tongue felt inside me, almost as hard and stiff as his prick, and I started to ride it like I would if it was his cock inside me. His nose kept nudging against my clitty, which made the climax building inside me seem even more intense.

Then he moved, keeping a firm grip on my hips, so that I was kneeling up over his face and he was on his back underneath me, still not missing a stroke with his probing tongue. I gripped the head of the bed hard and circled my hips as his tongue delved deeper into me, my boobs bobbing up and down madly in rhythm with Steve's tongue-fucking.

As I was above him, I could control the pace as I do when I'm on top when Steve fucks me, and so when I wanted him to lick me more slowly I just had to adjust the movement of my hips. And I became more confident, more aroused by the action of Steve's tongue and the way his hands were gripping my buttocks, kneading the smooth, white flesh, more excited than I'd ever felt in my life.

I'd come three or fours times, just little climaxes but more than enough to give me a taste of what was to come, when Steve moved again — this time into the 69 position. That was something that I'd only read about till then, but had never even thought of trying. I was still the one on top, but now Steve's prick was bobbing around above my lips while his tongue was still firmly embedded inside my now soaking wet cunt.

"I couldn't stop myself from taking his shaft between my lips and started to give it a really good sucking"

I couldn't stop myself from taking his shaft between my lips and starting to give it a really good sucking, my tongue and lips gripping it firmly and working smoothly over the pulsating veins. I cupped his balls gently with my hands, holding them up as close to my face as I could, all the time working steadily on his tool. His chest was heaving as he tried to control his breathing and keep up his tongue-fucking rhythm at the same time, pushing his face so tightly into my cunt that his nose was inside my cunt along with his tongue. The muscles in my pussy clenched and relaxed in time with his thrusts, and when I couldn't hold back any longer, I let out a huge breath and felt the most enormous orgasm break right through my body, making me shiver and wriggle on top of Steve as I enjoyed my climax.

He didn't stop licking me out until I'd finished orgasming, and I flopped in a heap on top of him, my face buried in his pubes. "Hey, what about me?" he questioned. I'd forgotten, in my excitement, that I was meant to be sucking him off!

I immediately set back to work, and pushed his foreskin right back from his helmet with my lips as he relaxed back on to the bed and gave himself up to my capable touch. I used my hands to wank his cock as well as my lips to keep him stiff, and I felt the blood pumping through his shaft as I licked along the length of the underside of his prick, just gently as I know he likes it. Steve moaned and encouraged me as my lips gripped harder and I began to work faster, and soon his balls were straining to let out their load of come.

"I'll swallow it all if you shoot now," I told Steve, showing him my wet mouth with its coating of pre-come. "I want to taste you."

There's no man who doesn't like to have his come gulped down by an eager partner, and when Steve couldn't hold back any longer he lifted his hips right off the bed and unleashed one long stream of come between my waiting lips.

It seemed never ending! I know men are only supposed to come a small handful, but Steve's orgasm seemed to go on forever. But I was a match for him, gulping down everything he gave me, really enjoying the tangy taste of his come as it slid down my throat. I licked his whole shaft clean, grabbing every last drop that I could, and as I licked every inch of his shaft, he became stiff again! Naturally, that meant another of Steve's famous oral sex lessons.

Since then, I haven't looked back. Steve and I are still together, and I get plenty of practice from the lessons he's given me!

Quest: Thank you.

QUEST

THE LABORATORY OF HUMAN RESPONSE

PERSONAL FILE

Name... Miss B
Age... 20
Sex... Female
Town of origin... Swansea
Other details... This secretary has always enjoyed a very high profile sex life, and has recently discovered that oral sex with other women leaves her feeling immensely satisfied...

Quest: When was the first time you experienced oral sex?

Miss B: I was 18, and I'd had a few boyfriends by then, though none of them had given me oral sex. Of course, I'd sucked off a couple of them, though very inexpertly, and like one of the previous respondents here, I had very good lessons from the lad I was going out with at the time! But that was only how to give him head: he never thought that I might like the idea of him doing it to me. I've since found out that he must be in a minority of men — most of them love getting down and getting a taste of my juicy cunny.

And I must say that whenever I'm on my own, and I lie back and think of a bloke parting my legs and slowly, teasingly pushing his pointed tongue right into my soft, oozing love hole and then giving me a good licking out, I can't resist frigging myself until I feel the first fronds of orgasm building up inside me, slowly taking over and making my cunny wetter and wetter until I have to push three — sometimes even four — fingers inside myself and bring myself off. I love to run my sticky fingers over my aching breasts afterwards too, still dreaming of a tongue pleasuring me.

When I actually discovered first hand (if that's the right phrase!) what it was like to have a man going down on me, I went crazy. It almost seemed to happen by accident, Tim moving his mouth down my thrashing, naked body, tasting the faint sweat that was coming off me, until his mouth was at my pussy and he didn't stop, just carried on with the actions of his tongue, licking around my wet slit and parting the folds before pushing it right into me, really probing into me, just like a cock but with more flexibility to explore every inch of my pussy hole.

I have to confess that I started climaxing almost as soon as I felt Tim's tongue in me: I was so surprised at the delicious sensations that he was giving me with it. I don't normally come that easily, but this was something out of the ordinary.

From that moment on, I was addicted to oral sex.

Quest: You've got a particular event to tell us about, haven't you?

Miss B: This is Tim again. Shortly after he'd introduced me to the delights of cunnilingus, Tim gave me a special treat. He lay me back c the bed, making sure that my shoulders and upper body wer raised up with pillows. Then h positioned a long mirror at the foot of the bed, giving me a lovely view of my moist throbbing pussy.

"I know how much you love getting head," Tim grinned, "s now I'm going to give you a bird's eye view of it."

Then he lay across me at suc an angle that I could see everything. And I mean everything. My creamy juices dripping out of my pussy, Tim red tongue dipping in and out me, his thumb working on my clitty to arouse me even more. gazed into the reflection of my own eyes and was able to watc every stage of my arousal, to see my nipples growing bigge and harder, to watch myself touching them, kneading my boobs, moving my legs as wid apart as possible so that I coul watch every movement of Tim's tongue.

It was incredibly erotic. Just seeing my lover going down o me at close range, seeing ever movement he was making, drove me wild. I'm sure the neighbours could hear every step of my orgasms that night — I yelled out exactly how I was feeling! That's definitely one of the most erotic things that's ever happened to me, bu now I suppose you want to hea about my latest erotic exploit..

If someone had said to me even a few months ago that I'd have gone to bed with another woman, I'd have thought they were mad. I'd never thought about it or fantasised about doing it, until I became obsessed with oral sex. I'd spend hours washing and fondling my pussy, trimming the pubes and stroking myself. Sometimes I was in an almost permanent state of arousal.

It all built to a climax until a few weeks ago, when I was watching a TV programme which featured two women who were lovers. The idea just popped into my head: "I want to try that".

To cut a long story short, there's a girl I know through work who's bi, and I know she's always had a bit of a penchant for my blonde good looks. All it would take would be a nod and a wink from me and I knew that I'd be in bed with her.

It wasn't quite bed, but as good as. Tracy invited me round to her flat for a meal, and when we were relaxing in front of a rather sexy video she made her move, telling me what lovely skin and boobs I had and starting to stroke them through my dress. I'd never have thought that a woman's touch could arouse me so much, but it did, my nipples shooting erect and my pussy getting more and more moist as I relaxed into the rhythm of Tracy's stroking.

"Lick me out," I whispered to her shyly, desperate to feel her tongue inside me. She lay me back on the sofa and pulled off my dress and sodden panties, just spending quite a few minutes playing gently with my love lips, fascinated by the juices that were running out of them and coating my pubes and thighs. I reached down and held them as far apart as they would go, silently urging her to fuck me with her tongue.

When she first pushed it slowly into my love hole, I breathed a sigh of pure ecstasy as she sensuously gave my pussy a really good tongue massage. It was completely different from the way Tim had gone down on me: Tracy seemed to know exactly when to bring me right to the brink of orgasm, then just make me hold back with one little flick of her tongue, to prolong the pleasure even more. I'd never dreamed that I could get to this state of total arousal without actually coming: my cunt was literally aching, the muscles so tense and ready for release that I felt as if I was going to burst.

> **"When she first pushed her tongue slowly into my love hole I breathed a sigh of pure ecstasy"**

"I want you to come for me," Tracy urged, her face flushed. I guessed that her cunt was as wet as mine was. "I want you to come in my mouth."

"Only if you come in mine," I replied. I couldn't wait to get my first taste of another woman's pussy. It only took a bit of wriggling before my mouth was at her cunny, her lips still on mine. I shoved my tongue inside her almost roughly, but she loved it, really grinding against my mouth till my teeth were brushing her clitty as my tongue fucked her good and hard. I could feel her shaven pubes brushing against my face as she urged me to push my tongue inside her deeper and deeper. My mouth was full of her juices, which I savoured and swallowed, loving the taste.

Her tongue inside me felt incredibly strong, almost as good as a cock. Because it was my first time having sex with a woman, it was all the more intense, and being an expert at giving head to another girl, Tracy really gave my cunt a good tongue workout. By the time my big orgasm hit me, rushing through my body at the speed of light and making it seem as if every erogenous zone on me was being stimulated at once, I was begging Tracy to let me come.

I can't say that that experience has turned me on to women as opposed to men, but Tracy and I have enjoyed an on-off affair since then, purely for sexual purposes. There's still nothing like a really good hard fucking, but she's really taught me how to be an expert in the oral sex department — with lovers of both sexes!

Quest: Thank you.

Dear Readers,,

I get literally hundreds of letters every week from readers who think they have sex problems.

Usually there is no problem, they just need to be pointed in the right direction.

Today, I launch my new column, **"Dear Tara,"** *to give you the benefit of my experience and get your sex life moving again!*

Every problem has a real solution, supplied to the writer ***totally free of charge,*** *but I'm giving every reader the chance to get their hands on relevant answers to every problem at incredible discount prices.*

There are no real problems — this page supplies the real solutions.

Love and Kisses, *TARA*

'DEAR TARA'

Dear Tara, 34 Upton Lane, London E7 9LN

Dear Tara,
My best friend tells me how she uses a vibrator on every nook and cranny and how sex has been wonderful.
What vibrator should I use? ***S.C., Southend***

① **Dear S.C.,**
As a beginner, there are two basic vibrators: the personal massager — 7in of pure luxury, a classic vibrator; and the multi-headed on non-doctor — this has six different-shaped heads to get to every pleasure point on your body.
7in massager ONLY £3.75 6-header ONLY £6.50

FACT: **82% of adults are unsatisfied with their sex life**
FACT: **98% of adults who have used sex aids, magazines, videos and funwear have improved their sex life**
FACT: **With guidance from Tara and the right aids at the right prices, your sex life will hit heights you've only ever dreamed of**

Dear Tara,
I occasionally suffer from impotence.
It's very embarrassing, but contraptions I've tried give me no control over my orgasm, and I usually feel as if I'm being castrated. ***B.J., London***

② **Dear B.J.,**
Impotence is a very common problem.
To solve comfortably, but maintain control over your orgasm, may I suggest the "Big Man Ring," a superb, effective and cheap device.
Normally £10.00. ONLY £3.95 to "Dear Tara" readers

Dear Tara,
I have heard a lot about the magical 'G' Spot and the incredible stimulating effect it can have. What is it? Where is it? How do I reach it? ***D.M., Oxford***

⑤ **Dear D.M.,**
The 'Grafenberg Spot' located internally above the pubic bone can certainly have earth shattering effects when stimulated with a specifically designed vibrator.
The "Tara 'G' Spot" is ideal, smooth, controllable, and an incredible bargain at just £6.95.

Dear Tara,
My man needs hardcore porn videos to get real satisfaction from sex.
Can I get hold of them legally? ***J.U., London***

⑥ **Dear J.U.,**
I have available three uncertificated hardcore videos I can supply legally because of the change in Euro Import laws in 1992.
Normally £49.95, "Dear Tara" readers can have them for ONLY £4.95 EACH (specify one, two or three).

Three naughty Housewives...

Calls charged at 36p a minute cheap rate; 48p a minute at all other times.

Dear Tara,
I'm in need of a friend! A real friend to fulfil my every desire, to dress the way I want her to dress, to do everything I want her to do—and to never answer back. I also can't afford an expensive date. Does such a companion exist? ***A.D., Hertford***

Dear A.D.,
The life-size inflatable Peggy Doll is the answer to your dreams. A real fun girl, the ultimate stag night present or life-long friend! All the bits you'd expect in full working order.
I can send you the perfect partner for only £14.95, normally £49.95.

Dear Tara,
I get embarrassed using a vibrator because of the noise, but I really need the movement a vibrator supplies to reach orgasm. ***M.L., Taunton***

⑦ **Dear M.L.,**
The remarkable 'Squirmy Rooter' is the perfect answer, totally silent, rotating, vibrating, squirming. A remarkably lifelike, soft, yet hard, dildo.
Normally £15.00. ONLY £9.95 to "Dear Tara" readers

Dear Tara,
My problem is simple — I want a bigger, stronger penis. ***M.W., Glasgow***

⑧ **Dear M.W.,**
Use a penis developer – I can guarantee immediate results! Working on a vacuum principle, growth is substantial—I guarantee your success. Was £20, now only £4.95.

Dear Tara,
I see loads of magazines for men full of women but what about magazines for women full of men—do they exist! ***N.M., Halifax***

③ **Dear N.M.,**
Oh yes indeed! I've put together a selection of four of the hardest, hottest of them for you from America and the continent for only £9.95. Just to be fair I've also got a selection of four of the continent's hardest men's magazines for only £9.95 as well!

Dear Tara,
It's not that I'm unsuccessful with women or anything but I do believe you can't beat the old five fingered knuckle shuffle–I'm 19 and always looking for new ideas–what do you suggest? ***B.O.D., London***

④ **Dear B.O.D.,**
Slik Lips, the "Look no Hands" silky smooth pumping masturbation device will blow your mind (and your dick!). Just slip its sucking lips over your bits and your hands are free to do as you want!
Was £14.95, now ONLY £7.95. Earth shattering self satisfaction is yours

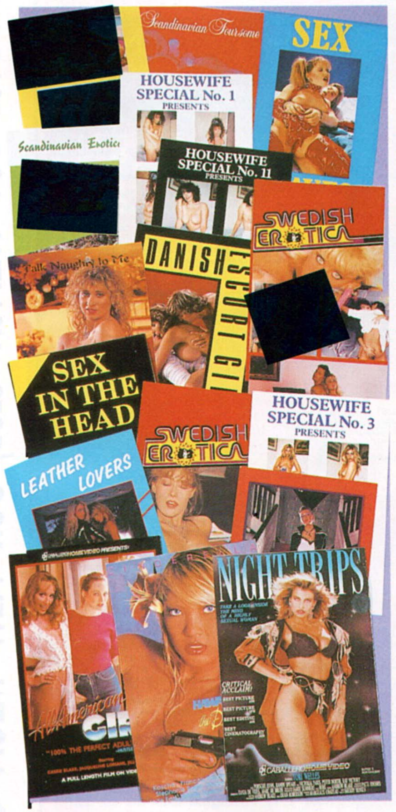
Fiona Wright's X-Sational Video Super Sale

HOTTEST AND HARDEST AT GIVE-AWAY PRICES

"Just a fraction of Soho Prices"

FIONA VIDEO SALE, 34 Upton Lane, London E7 9LN.



NOW is the ideal time to buy Porno videos, especially if you order from our X–SATIONAL Video Super Sale coupon.

To help get all my favourite sex-mad readers into a really horny mood, I have done a very special deal with the country's largest distributors of hard adult videos.

I can now offer a superb selection of the very best porn videos available in Britain at Prices that will knock your socks off.

These prices are just a fraction of what you would have to pay for exactly the same films in the famous sex shops of Soho.

But be warned: Every film contains explicit scenes of hard sex — nothing is left to the imagination — trust me — I've watched every film and was left wet and wanting — they are Hot 'n' Hard and superb quality.

To make it even easier for you, I've split the films by topics, so just fill in the coupon, save a fortune and have the horniest time of your life!

FIONA has really gone a bit OTT this time. To save from being banned from the news-stands we have had to censor a lot of her copy.

hadn't even noticed me come in, she was so carried away. I'd never even seen Sandy masturbate before, and my cock was so stiff I had to unzip my trousers before they burst!

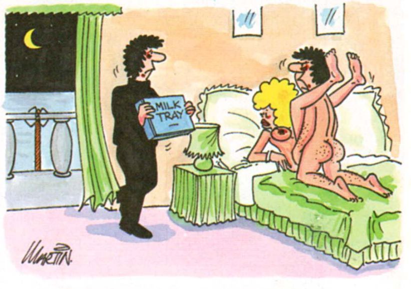
I had a tight grip on my shaft as she started to come, moaning so loudly she almost drowned out the smaltzy music. She'd pulled her knickers further down her thighs by now, and I could see her three fingers thrusting into her cunt, shiny with her juice. I'd never seen quite such a horny sight.

I crept over and put my hand on top of hers. She jumped a bit — she still hadn't noticed I was there! — but she was still coming, and as I replaced her fingers with a couple of mine another huge wave of pleasure swept over her. Her fanny was soaking, and I slipped my fingers into my mouth to taste her cream as I plunged my cock right inside her.

I couldn't believe how randy she was, as she kept right on coming, her pussy muscles twitching around my meat and her legs wrapped tightly around my back, holding me tight against her.

"Spunk in my mouth," she gasped as she finally started to calm down a little. I wasn't too far from shooting my load after the show I'd just seen so I pulled out of her cunt and aimed for her mouth. She grabbed hold and started wanking me furiously, then engulfed my cock and started sucking ravenously until my spunk welled up and gushed down her throat. She swallowed the first three or four spurts, then let the rest splatter over her tits, fingering herself to a final climax at the same time.

After that, we curled up on the sofa together and watched the end of the film. We missed so much of it though that I think we're going to have to rent it out again tomorrow night!
— Ronnie, Maidstone



What the fuck do you want?

HARD AT WORK

I just wanted to write a thank you to everyone at *Mayfair* for giving us lot at work a bit of much needed relief!

I work in a solicitor's office, and the other week to relieve the boredom, one of the girls nipped out and bought a copy of your magazine.

Passing it around we all had a good giggle, well the women did, I think most of us men were staring a little too intently at all the gorgeous models and the letters! Well, I must've been because the next thing I knew there was Mrs Bradshaw, our boss, standing above me and coughing politely.

"I think I'll take that off your hands, young man," she commanded. Sheepishly, and to everyone else's amusement, I gave it back.

The matter would've ended there if it wasn't for the fact that as we all went home that evening we heard moaning coming from the old bag's office. Thinking something could be wrong, we burst in only to find Frau Bradshaw sprawled back in her chair with one hand holding our copy of Mayfair and the other up her skirt giving herself a little bit of hand relief!

We'd never seen her move so fast! She slammed the mag back in her desk and leapt to her feet and told us all to get the fuck out! We've never been able to look at her in the same light again, and it's all thanks to you!
— Freddy, London Ⓜ

NEXT MONTH IN MAYFAIR

OK, it's still wet and freezing, but do not despair. There are still good things in life: there is draught Guinness; butterscotch Angel Delight; and pink smooth silky bottoms pertly primed over pink smooth silky sheets. However, only one of these appears in next month's issue. And we've swallowed the first two...
